THE HISTORY OF THE OLYMPIA HARBOR DAYS LOGOS

An exhibit by the South Sound Maritime Heritage Association (SSMHA) and Olympia Arts + Heritage Alliance (OAHA).

Harbor Days was established in 1974 with a small gathering of tugboats and other historic vessels. The first tugboat race was held in 1975. In 1978 downtown merchants, artists and musicians organized to start a companion shoreside HarborFair. By 1983 both events were combined into one festival with the logo, designed by Karla and Chuck Fowler, to have a dual purpose as identity for the festival and as recognition and a coveted award for the attending Puget Sound vintage tugs and skippers. The tugboat in the logo changes annually.

To become a "Logo Boat" the tugboat had to have been the oldest tug in attendance the prior year that had not previously been awarded the title. The logo is displayed on publicity materials, shirts and hats, and other festival merchandise. Many of the tugs in the subsequent years were illustrated by Karla. Some have been illustrated by other designers.

In this exhibit in the windows of this historic 1912 building (formerly City Hall and Fire Station) you will find the 41 unique logos of Olympia Harbor Days, from 1983 to 2023, and four posters from the pre-logo era.

Did you attend any of these years?
Which is your favorite tug?
Have you seen the tugboat races?
Do you know the origin of tugboat racing?

EXHIBIT OPEN NOW!

And, save the date to celebrate
Olympia Harbor Days Festival
September 1-3, 2023.

a sidewalk art and culture exhibit in the windows of the historic old city hall and fire station at the corner of state street and capitol way.

Olympia Harbor Days and SSMHA are proud supports of the Maritime Washington National Heritage Area at www.PreserveWa.org.

View at 108 State Street, Olympia, WA
